Queens Platinum Jubilee

God save our gracious Queen, Long live our noble Queen. Wow what a day it was celebrating the Queen's Platinum Jubilee.

We had a day full of exciting and memorable experiences to mark this special occasion. All children wore red, white and blue and were able to meet the Deputy Lieutenant where they sang with him. Some children from our 'Historian Club' even buried a time capsule with him linked to the year 2022.

EYFS and Key Stage 1 had a picnic in the ReTreet and enjoyed their regal lunch of triangular sandwiches and jelly and ice-cream. Key stage 2 took part in their own Street Party, where they also had a posh lunch and sang the National Anthem, as well as making their own Union Jack flags.

All children had a great day and it will last in everyone's memories for time to come.

Year 5 Rock Band

Learning to play one instrument is tough enough but, in year 5, Rock Band have been learning how to play guitar, base guitar, drums, keyboard and how to sing. As part of the programme over the year the children also have had to compose their own songs and perform. The children performed to families, where they were amazing! We are so proud of them and with how many children go onto play at Splinter Studios, outside of school.

Year 6 Leavers

Year 6 have been a pleasure to teach and they have all worked incredibly hard towards their SAT's! They all enjoyed an end of Primary school trip to Tenpin Bowling and to see the new 'Minions' movie at the cinema. Parents were invited to their leavers assembly where they all received their leavers hoodies. We wish you all the very best of luck going to high school! Make us proud!

Teacher Interview: Mr Wynne

What is my favourite thing about being a Principal?

It's really rewarding to see the school improve and see the children grow and develop. I also enjoy supporting families and try and give opportunities to the children, that may have not experienced before.

What makes Holyhead special?

I love how the school is like a small family and how everyone cares about each other. Children, families and staff all have the children's wellbeing at the centre of every decision. I am especially pleased with the extra things we do like the allotment, the Retreat, dressing up as a Viking for the day etc as these are the times when I see the children at their happiest!

What will you do over the summer holiday?

I'm looking forward to spending time with the family and playing in the garden with Poppy. I will spend the time reading and going to the gym to try and get fit for next season.
